

# COMPAC Hewn Stone

THE APPEARANCE OF NATURAL STONE WITH STRUCTURAL INTEGRITY

**Sandstone\***  
 Yellow/Gray

**Graystone\***  
 Gray/Slate

- An innovative face design combined with the features and benefits of a Keystone COMPAC unit.
- Keystone's patented StoneArt™ embossing technology allows units to be produced in two distinctive faces which creates a random appearance.
- The Hewn Stone face texture resembles natural weathered stone.
- Positive pin-unit connection ensures proper alignment, structural integrity, and the ability to lock geogrid into the wall.
