STEP ONE
12 Dakota Stone Units

- Establish your leveling pad using a crushed stone material.
- Set the Dakota Stone units in square configuration as shown.

STEP TWO
12 Dakota Stone Units

- Set the second set of Dakota Stone units in a square Configuration as shown.

STEP THREE & FOUR
12 Dakota Stone Units

- Repeat pattern shown in step one.

STEP FIVE
18 Dakota Stone Units
1 IX-23 Square Fire Pit Insert
1 IQ-A Grate Kit Decorative rock for top dress

- Set the Dakota Stone units in the configuration shown in the photo. There should be a little bit of a reveal along the edges for decorative purposes.
- Place the assembled square fire pit insert, with or without grate kit, into the opening on the top of your fire pit.
- Fill the bottom of the assembled fire pit with enough rock to reach the bottom of the fire pit insert. You are now ready for your first fire. Enjoy!
