

# J & N STONE

SKILLFULLY CRAFTED STONE VENEER

[www.jnstone.com](http://www.jnstone.com)

J&N Stone, Inc. entered into the manufactured stone industry in 1973 as a family business. Our goal then, and still today, is to manufacture and install precast stone veneer with the utmost quality and care. We strive to make sure every customer is satisfied with the beauty and craftsmanship of our manufactured stone products. For over forty years we have specialized in creating stone veneer products that are consistent in color, long with-standing and astoundingly realistic. Enhance your home with the beauty of stone for a fraction of the cost of natural stone by choosing our skillfully crafted stone veneer.

---

# ASHLAR

---

Finely dressed lines and natural color palettes give Ashlar a warm and traditional appearance. Each tightly stacked stone was precisely hand-chiseled to create this rectangular style. Ashlar is a timeless style that will add elegance to any application.

# BRICK-EASE

---

Brick-Ease is a 1” brick veneer that installs over virtually any surface. With two distinctive styles, Brick-Ease provides a charming appearance. Our thin brick thrives as a standalone product or acts as a great accent to any of our stone colors making Brick-Ease resoundingly versatile.

# CLIFTROCK

---

Designed to stand out all on its own, Cliftrock is a beautiful new blend of our Laytite and smaller Ledge pieces. While it still has the smaller linear look from Laytite, it brings in more texture and depth from the Ledge to create an appealing design all around. Cliftrock will leave an impression on any type of project you may have.

# CUT COBBLESTONE

---

Mirroring the ageless appearance of hand carved stone, Cut Cobblestone has a beautiful profile. It combines rectangular shapes and irregular sizes with rough cut edges for an old world look and feel. Cut Cobblestone is a style that will bring beauty and class to any home or project.

---

# FIELDSTONE

---

As the name describes, Fieldstone was created using natural stones collected from the fields of Indiana. Fieldstone has rounded edges, smooth surfaces and a random pattern. Its natural look and character make an impression wherever it is applied.

## STANDARD COLORS

---

Baugo Creek

Baugo Rust

---

# HANDSPLIT

---

Mimicking a natural stone that has been split to show the inner beauty and color, Handsplit has an incomparable look all its own. Large round stones with a split face texture make up this stunning free-form pattern. Handsplit would be an excellent choice for a lake cottage or log cabin home.

## STANDARD COLORS

---

---

# LAYTITE

---

Laytite continues to be one of the most popular styles throughout the world. It offers a layered linear look which overall creates depth and dimension. With grout lines being less apparent, Laytite gives the impression of a clean balanced design. This stone pattern is a beautiful choice for any contemporary, craftsman, or modern style project.

# LEDGE

---

Offering a more rustic silhouette, Ledge is a distinct style that has been in place for generations. This irregular shaped stone has a crisp angular face that produces depth and ruggedness. These defined features provide any application with the rustic charm of the countryside.

# QUARTZ

---

Quartz is a combination of Cut Cobblestone and Ledge. By blending Cut Cobblestone's hand carved edges with Ledge's rough irregular pieces, this style becomes the ideal mix for any application. Quartz creates a natural look with its varied shapes and sizes adding beauty and exquisiteness all its own.
